

## Patient Council remit

Healthcare at Home is initiating a Patient Council to give patients a voice in their business decision making. The council will be formed by 20 patient representatives who have a condition that Healthcare at Home covers in their home medical delivery and clinical services.

### **As a member of the Patient Council you will:**

- Attend two meetings each year (March/early April and October), based in London with the Healthcare at Home executive board
- Be happy to make suggestions on how Healthcare at Home could better meet the needs of patients
- Have an understanding of the medical homecare market
- Be happy to hear from us (Aurora on behalf of Healthcare at Home) occasionally between meetings and contribute to meeting agendas and to provide feedback

Please note that all travel expenses associated with Patient Council meetings will be reimbursed.

If you are interested in being part of this council, please let your Patient Group contact know, and they will send us your name and email address. We will then provide you with further briefing documents to finalise your involvement.
